

PATERIS sponsors swimming club „Wasserfreunde“ Munich

Children are our future

Since summer 2017 PATERIS has been a sponsor of „Wasserfreunde“ Munich, a swimming club with more than 100 years of history and great successes in competitive and popular sports.

The swimming club „Wasserfreunde München von 1912 e.V.“ (www.scw-muenchen.de) has 1,700 members today and the active life of the association is supported by many volunteers. In addition to swimming courses for young and old, the focus is on further joint events, such as a rally or excursions to the ropes course. For canoe tours and barbecues, the club's property at a lake in the west of Munich (Wörthsee) is of course ideal. This is how friendships for life are made.

Dr. Jochen Zerbs, Patent Attorney at PATERIS: „I am very pleased that we are financially supporting „Wasserfreunde“ Munich. I care about this association because it offers wonderful leisure activities for kids and teens. I have campaigned for our firm to become a sponsor.“
